Drive up to the sleek, fun building and head on in—grab a seat at the counter and order up! It's hot dogs direct from New Jersey, and these Thumann's dogs are the best. There's the plain, the Chicago with spicy mustard—green relish, red onion, tomato, celery salt, and a dill pickle chi—the Jersey with spicy mustard, green relish, caraway sauerkraut, red onions and sliced bacon. This one brought tears to the eyes of the eater as it brought back his memories of this favorite when he was a kid. There are kosher, plain, low carb (in a tortilla), vegetarian or chili con carne and cheddar cheese, coleslaw and onions. Other options include the smash burger, the gobbler (grilled turkey, Swiss, and cranberry mayo on sourdough) or a garden burger. Sides of bacon, green chili, and divine deep-fried but not coated green beans and carrot sticks add to the fun. Enjoy skin-on or chili-cheese fries. Thirsty? Do not miss the fresh-squeezed lemonade and limeade or the frozen hot chocolate that are outrageous. Sweets include a frozen banana on a stick and Famous Amos cookies. Stop in for breakfast for the fried egg and cheddar-jack cheese burrito, or fried egg on grilled sourdough with lots of add-ons. A great patio adds seating for more fans. East Colfax just keeps getting better.
